- 282** 1. Stations performing radiocommunication in the mobile service shall be bound, within the limits of their normal employment, to exchange radiocommunications reciprocally without distinction as to the radio system adopted by them.
- 283** 2. Nevertheless, in order not to impede scientific progress, the provisions of **282** shall not prevent the use of a radio system incapable of communicating with other systems, provided that such incapacity is due to the specific nature of such system and is not the result of devices adopted solely with the object of preventing intercommunication.
- 284** 3. Notwithstanding the provisions of **282**, a station may be assigned to a restricted international service of telecommunication, determined by the purpose of such service, or by other circumstances independent of the system used.

## ARTICLE 47

### Harmful Interference

- 285** 1. All stations, whatever their purpose, must be established and operated in such a manner as not to result in harmful interference to the radio services or communications of other Members or Associate Members or of recognized private operating agencies, or of other duly authorized operating agencies which carry on radio service, and which operate in accordance with the provisions of the Radio Regulations.
- 286** 2. Each Member or Associate Member undertakes to require the private operating agencies which it recognizes and the other operating agencies duly authorized for this purpose, to observe the provisions of **285**.

## ARTICLE 48

### **Distress Calls and Messages**

- 537 (2) However, a delegation shall no longer have the right to vote from the time that the Plenary Assembly decides that its credentials are not in order until this state of affairs has been rectified.
- 538 6. As a general rule, Member countries should endeavour to send their own delegations to the conferences of the Union. Nevertheless, if, for exceptional reasons, a Member is unable to send its own delegation it may accredit the delegation of another Member of the Union and give this delegation powers to act and sign on its behalf.
- 539 7. A duly accredited delegation may give a mandate to another duly accredited delegation to exercise its vote at one or more sessions at which it is unable to be present. In this case it must notify the Chairman of the conference.

However, such changes shall only be made if a majority of the Members concerned have pronounced in favour.
- 554 2. It shall be the responsibility of any Member or Associate Member proposing a change in the time or place of a conference to obtain for its proposal the support of the requisite number of other Members and Associate Members.

555 3. Where the issue arises, the Secretary-General shall indicate, in the communication referred to in 542 the probable financial consequences of a change in the time or place, as, for example, when there has been an outlay of expenditure in preparing for the conference at the place initially chosen.

- 595 3. *Motions of order and points of order*

(1) During debates, any delegation may, when it thinks fit, submit a motion of order or raise a point of order, which shall at once be settled by the Chairman in accordance with these Rules of Procedure. Any delegation may appeal against the Chairman's ruling, which shall however stand unless a majority of the delegations present and voting are against it.

- 596 (2) A delegation submitting a motion of order shall not, during its speech, discuss the substance of the matter in question.

- 597 4. *Priority of motions of order and points of order*

The motions and points of order mentioned in 595 and 596 shall be dealt with in the following order:

               relative order in which they shall be considered.

603           5. *Motion for suspension or adjournment of a meeting*

During the discussion of a question, a delegation may move that the meeting be suspended or adjourned, giving reasons for its proposal. If the proposal is seconded, the floor shall be given to two speakers to oppose the suspension or adjournment and solely for that purpose, after which the motion shall be put to the vote.

604           6. *Motion for postponement of debate*

During discussion of any question, a delegation may propose that the debate be postponed for a stated period. Once such a proposal has been made, any discussion thereon shall be limited to no more than three speakers, not counting the person submitting the proposal: one for the motion, and two against.

605           7. *Motion for closure of debate*

A delegation may at any time propose that discussion on the point at issue be closed. In such cases, before a vote is taken on the proposal, the floor may be given to not more than two speakers opposing the motion.

606           8. *Limitation of speeches*

(1) The Plenary Assembly may, if necessary, decide how many speeches any one delegation may make on any particular point, and how long they may last.

607           (2) However, as regards questions of procedure, the Chairman shall limit the time allowed for a speech to a maximum of five minutes.

608           (3) When a speaker has exceeded the time allowed, the Chairman shall notify the Assembly and request the speaker to conclude his remarks briefly.

**609** 9. *Closing the list of speakers*

(1) During the debate, the Chairman may rule that the list of speakers wishing to take the floor be read. He shall add the names of other delegations who indicate that they wish to speak and he may then, with the assent of the Assembly, rule that the list be closed. Nevertheless, as an exceptional measure, the Chairman may rule, if he thinks fit, that a reply may be made to any previous statement, even after the list of speakers has been closed.

**610** (2) The list of speakers having been exhausted, the Chairman shall declare discussion on the matter closed.

**611** 10. *Question of competence*

Any questions of competence that may arise shall be settled before a vote is taken on the substance of the matter under discussion.

**612** 11. *Withdrawal and re-submission of a motion*

The Chairman shall authorize any delegations which so request to give the reasons for their vote, after the vote has been taken.

628 9. *Voting on parts of a proposal*

(1) When the author of a proposal so requests, or when the Assembly thinks fit, or when the Chairman, with the approval of the author, so proposes, that proposal shall be sub-divided and its various sections put to the vote separately. The parts of the proposal which have been adopted shall then be put to the vote as a whole.

629 (2) If all the sections of a proposal are rejected the proposal shall be regarded as rejected as a whole.

630 10. *Order of voting on concurrent proposals*

(1) When there are two or more proposals on any one matter, they shall be put to the vote in the order in which they were presented, unless the Assembly decides to the contrary.

631 (2) After each vote, the Assembly shall decide whether or not the following proposal shall be voted on.

632 11. *Amendments*

(1) Any proposal for modification consisting only of a deletion from, an addition to, or a change in a part of the original proposal shall be considered an amendment.

633 (2) Any amendment to a proposal accepted by the delegation submitting the proposal shall at once be embodied in the original proposal.

636 (2) When two or more amendments are submitted to a proposal, the amendment furthest from the original text shall be put to the vote first;

**FINAL PROTOCOL**  
**to the**  
**International Telecommunication Convention**  
**Geneva, 1959**

At the time of signing the International Telecommunication Convention (Geneva, 1959), the undersigned plenipotentiaries take note of the following statements forming part of the Final Acts of the Plenipotentiary Conference, Geneva, 1959:

I

*For the Argentine Republic:*

The Argentine Delegation declares:

The International Telecommunication Convention (Geneva, 1959), provides in 4 that any country or group of territories listed in Annex 1 thereto is a Member of the Union. Annex 1 lists for this purpose the "Overseas Territories for the International Relations of which the Government of the United Kingdom of Great Britain and Northern Ireland are responsible".

Since the Government concerned habitually includes the territories which it calls the "Falkland Islands and Dependencies" in this entity, a practice reflected in the official documents published by the International Telecommunication Union, the Argentine Delegation formally declares that this practice in no wise detracts from Argentine sovereignty over these islands, occupied by the United Kingdom as a result of an act of force never accepted by the Argentine Government, which hereby reaffirms the inalienable rights of the Republic and declares that the Malvinas Islands, the South Sandwich Islands, the South Georgia Islands, and the Argentine Sector of the Antarctic are the colony or possession of no other nation, that they form part of Argentine national soil and are subject to Argentine dominion and sovereignty.

This declaration also holds good for any other mention of the same kind which may be included in the Convention or its Annexes.

## II

*For Canada:*

The signature of Canada to the International Telecommunication Convention (Geneva, 1959), is subject to the reservation that Canada does not accept 193 of this Convention. Canada agrees to be bound by the Radio Regulations, the Telegraph Regulations and, subject to one reservation, by the Additional Radio Regulations, all as annexed to this Convention but does not agree to be bound by the Telephone Regulations.

## III

*For China:*

The Delegation of the Republic of China to the Plenipotentiary Conference of the International Telecommunication Union at Geneva, 1959, as at Atlantic City and Buenos Aires, is the only legitimate representation of China therein, and is recognized as such by the Conference. Any Declarations or Reservations made in connection with or attached to the present Convention by any Members of the Union, incompatible with the position of the Republic of China as set forth above, are illegal and therefore null and void. To those Members of the Union, the Republic of China does not, by signature of this Convention, accept any obligation arising out of the International Telecommunication Convention (Geneva, 1959) or any of the Protocols annexed thereto.

## IV

*For the Belgian Congo and Territory of Ruanda-Urundi:*

In signing the International Telecommunication Convention (Geneva, 1959), the Belgian Congo and Territory of Ruanda-Urundi officially declare that they reserve the right not to abide by Article 3 of the Radio Regulations (Geneva, 1959), except in so far as the application of this article permits to meet the indispensable requirements of their domestic broadcasting.

## V

*For Costa Rica :*

The Delegation of the Republic of Costa Rica reserves its Government's right to accept or not to accept the consequences of any reservations made by other governments represented at this Conference, should such reservations entail any increase in Costa Rica's financial contribution to the Union.

VI

*For Cuba:*

The Delegation of Cuba, in signing this Convention on behalf of the Government of the Republic of Cuba, formally reserves its position with regard to acceptance of the Telegraph Regulations, Telephone Regulations, and Additional Radio Regulations, mentioned in Article 14 of the International Telecommunication Convention (Geneva, 1959).

VII

*For the Republic of El Salvador:*

A

The Government of the Republic of El Salvador reserves the right to take such action as may be required to protect its interests, should any Member or Associate Member of the Union not share in defraying the expenses of the Union or make reservations such that El Salvador's share in defraying the expenses of the Union is thereby increased.

B

In signing this Convention on behalf of the Republic of El Salvador, I hereby reserve the right of the Government of El Salvador to accept or not to accept the obligations entailed by the Telephone Regulations and the Additional Radio Regulations mentioned in Article 14 of the International Telecommunication Convention (Geneva, 1959).

VIII

*For the United States of America:*

Signature of this Convention for and in the name of the United States of America constitutes, in accordance with its constitutional processes, signature also on behalf of all territories of the United States of America.

The United States of America formally declares that the United States of America does not, by signature of this Convention on its behalf, accept any obligation in respect of the Telephone Regulations or the Additional Radio Regulations referred to in Article 14 of the International Telecommunication Convention (Geneva, 1959).

## IX

*For Greece:*

On behalf of its Government, the Hellenic Delegation hereby declares that it accepts no consequence of any reservation which might lead to an increase of its share in defraying the expenses of the Union.

## X

*For the Republic of India :*

1. Upon signing the Final Acts of the International Telecommunication Conference, Geneva, 1959, the Republic of India does not accept any financial implications resulting from any reservation that might be made on the budgetary matters of the Union by any delegation participating in the present Conference.

2. The Delegation of the Republic of India states that the signature by the Delegation to this Convention is also subject to the reservation that the Republic of India may or may not be in a position to accept certain provisions of the Telegraph and the Telephone Regulations (Geneva, 1958), referred to in Article 14 of this Convention.

3. The Delegation of the Republic of India further reserves the right of its Government to take appropriate steps if necessary to ensure proper functioning of the Union and its permanent organs and implementation of the Regulations, listed in Article 14 of the Convention, should any country reserve and/or not accept the provisions of the Convention and of the Regulations mentioned above.

## XI

*For the Republic of Indonesia:*

Due to the fact that Irian Barat (Western New Guinea) constitutionally is an integrated part of the Republic of Indonesia, the Indonesian Delegation to the Plenipotentiary Conference and the Administrative Radio Conference, Geneva, 1959, formally declares that its signature to this Convention and to the Radio Regulations in no way implies the acceptance of the mentioning of Irian Barat (New Guinea) preceded by the word "Netherlands" in documents of the Union and the Radio Regulations (annexes and/or appendices).

XII

*For the State of Israel:*

The Delegation of the State of Israel cannot accept the reservations made by the Delegations of the Kingdom of Saudi Arabia, the Republic of Iraq, the Hashemite Kingdom of Jordan, Kuwait, Lebanon, the United Kingdom of Libya, the Kingdom of Morocco, the United Arab Republic, the Republic of the Sudan and Tunisia, concerning Israel, and reserves the right of its Government to take any appropriate measure it may deem necessary to safeguard the interests of the State of Israel in the application of this Convention and the Regulations annexed thereto, as far as the above Member countries are concerned.

XIII

*For Japan:*

Japan reserves the right to take such action as it may consider necessary to safeguard its interests should reservations by other countries lead to an increase in the share it takes in defraying the expenses of the Union.

XIV

*For the Kingdom of the Netherlands :*

The Delegation of the Kingdom of the Netherlands declares that it does not accept the statement of the Delegation of the Republic of Indonesia contained in its formal declaration in so far as this statement disputes the sovereignty of the Government of the Netherlands over the non-self-governing territory of Netherlands New Guinea.

As for the denomination "Netherlands New Guinea" it declares that this denomination is the constitutionally correct one and is formally recognized as such and applied by the Secretariat of the United Nations.

XV

*For the Republic of the Philippines:*

The Republic of the Philippines formally declares upon signing the present Convention that it cannot currently accept any obligations with reference to the Telegraph and Telephone Regulations mentioned in 193 of the Convention.

## XVI

*For the United Kingdom of Great Britain and Northern Ireland:*

The Delegation of the United Kingdom of Great Britain and Northern Ireland declares:

that it does not accept the statement of the Argentine Delegation contained in its declaration in so far as this statement disputes the sovereignty of Her Majesty's Government in the United Kingdom over the Falkland Islands and the Falkland Islands Dependencies and it wishes formally to reserve the rights of Her Majesty's Government on this question. The Falkland Islands and the Falkland Islands Dependencies are and remain an integral part of the territories together making up the Member hitherto known as: Colonies, Protectorates, Overseas Territories and Territories under Mandate or Trusteeship of the United Kingdom of Great Britain and Northern Ireland on behalf of which the United Kingdom of Great Britain and Northern Ireland acceded to the International Telecommunication Convention (Buenos Aires, 1952) on 16 November, 1953, and which is described in the International Telecommunication Convention (Geneva, 1959) as: Overseas Territories for the international relations of which the Government of the United Kingdom of Great Britain and Northern Ireland are responsible.

## XVII

## XVIII

*For Turkey:*

The Delegation of Turkey declares that the Government of the Republic of Turkey cannot accept any financial consequences that might arise as a result of reservations made by other Governments taking part in the Plenipotentiary Conference, Geneva, 1959.

## XIX

*For the Union of South Africa and Territory of South-West Africa:*

The Delegation of the Union of South Africa and Territory of South-West Africa declares that the signature of the Union of South Africa

and Territory of South-West Africa to this Convention is subject to the reservation that the Union of South Africa and Territory of South-West Africa does not agree to be bound by the Telephone Regulations referred to in Article 14 of the International Telecommunication Convention (Geneva, 1959).

In signing this Convention, the Delegation of the Republic of Venezuela, on behalf of its Government, maintains the reservations indicated in the Telegraph Regulations and the Telephone Regulations (Geneva, 1958), and also with regard to the Radio Regulations (Geneva, 1959).

XXI

*For Afghanistan, the Argentine Republic, Belgium, the Republic of Colombia, the Belgian Congo and Territory of Ruanda-Urundi, Denmark, Spain, Overseas States of the French Community and French Overseas Territories, France, Mexico, Monaco, Norway, Paraguay, Peru, Portugal, Portuguese Overseas Provinces, the Federal Republic of Germany, Federal People's Republic of Yugoslavia, Sweden and Switzerland:*

XXII

*For the People's Republic of Albania, the Bielorussian Soviet Socialist Republic, the People's Republic of Bulgaria, the Hungarian People's Republic, the People's Republic of Poland, the Ukrainian Soviet Socialist Republic, the Roumanian People's Republic, the Czechoslovak Republic and the Union of Soviet Socialist Republics:*

These Delegations hereby declare on behalf of their Governments that the decision taken by the Plenipotentiary Conference, Geneva, 1959, of the International Telecommunication Union, to recognize the credentials of Chiang Kai-Shek's representatives to take part in the Conference and to sign the Final Acts on behalf of China, is illegitimate, in so far as the legal

representatives of China can only be the representatives appointed by the Central People's Government of the People's Republic of China.

### XXIII

The above mentioned Delegations declare that the signature, and possible subsequent ratification by their respective Governments to the International Telecommunication Convention (Geneva, 1959), are not valid with respect to the Member appearing in Annex 1 to this Convention under the name of Israel, and in no way imply its recognition.

### XXV

*For Austria and Italy:*

Austria and Italy reserve the right to take such action as they may consider necessary to safeguard their interests, should Members or Associate Members not share in defraying the expenses of the Union in the manner specified in the International Telecommunication Convention (Geneva, 1959), or should reservations by other countries jeopardize their telecommunication services.

For the years after 1965 the annual budgets shall not exceed the sum specified for the preceding year by more than 3% per annum. These sums shall include amounts paid by way of rent of the new building for the Union.

2. In very exceptional cases, however, the Administrative Council is authorized to use credits not exceeding by a maximum of 3% the limits established in paragraph 1 above. In such cases it shall adopt a resolution indicating the specific reasons for such a step.

3. The Council may also exceed the limits established in paragraph 1 above to take account of:

- 3.1. increases in the salary scales, pension contributions or allowances including post adjustments established by the United Nations for application to their staff employed in Geneva; and
- 3.2. fluctuations in the exchange rate between the Swiss franc and the U.S. dollar which would involve additional expenses for the Union.

4. For the purpose of the move of the offices of the Union to the new building the Administrative Council may include in the budget a special additional amount not exceeding the sum of 715,000 Swiss francs. Members and Associate Members shall be required to contribute in accordance with the classes they have chosen under Article 15 of the Convention.

5. Expenditure on conferences and meetings referred to in **197** and **198** of the Convention may be authorized by the Administrative Council up to a maximum sum of 13,189,000 Swiss francs for the five-year period 1961 to 1965.

- 1,000,000 Swiss francs if a Plenipotentiary Conference is not held in 1965,
- 2,120,000 Swiss francs if an ordinary administrative radio conference is not held in 1965.

If a Plenipotentiary Conference is not held in 1965, the Administrative Council shall authorize for each year after 1965 such sums as they consider appropriate for the purpose of the conferences and meetings referred to in **197** and **198** of the Convention.

5.3. The Administrative Council may authorize expenditure in excess of the annual limits specified in sub-paragraphs 5.1. and 5.2. of this paragraph if the excess can be compensated by credits:

- accrued from a previous year; or
- foreseen in a future year.

6. The Administrative Council shall be entrusted with the task of effecting every possible economy. To this end, it shall be the duty of the Administrative Council annually to establish the lowest possible authorized level of expenditure commensurate with the needs of the Union, within the limits established by paragraphs 1, 4 and 5 above.

7. If the credits which may be used by the Council by virtue of paragraphs 1 to 5 above prove insufficient to ensure the efficient operation of the Union, the Council may only exceed those credits with the approval of the majority of the Members of the Union after they have been duly con-

8. Before considering proposals which might have financial effects, the administrative conferences and plenary assemblies of Consultative Committees shall have an estimate of the supplementary expenses which might result therefrom.

9. No decision of an administrative conference or of a plenary assembly of a Consultative Committee shall be put into effect if it will result in a direct or indirect increase in the expenses beyond the credits that the Administrative Council may authorize under the terms of paragraphs 1 to 5 above or in the circumstances envisaged in paragraph 7.

*b)* its decision to affiliate the Union to the United Nations Joint Staff Pension Fund;

*resolves*

1. that the Secretary-General shall study, in consultation with the I.F.R.B., proposals as regards the I.F.R.B. members' insurance conditions, taking into account changes in the membership of the Board, past service, eligibility for affiliation to the United Nations Joint Staff Pension Fund, and other relevant considerations;

2. that the Administrative Council shall, at its next annual session, consider the Secretary-General's proposals and take appropriate action.

## RESOLUTION No. 4

**Extension of the Mandate of the Vice-Director  
of the International Radio Consultative Committee (C.C.I.R.)**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*considering that*

*a)* the Vice-Director of the C.C.I.R. will reach the normal retiring age of 65 on 31 May, 1961 and would therefore normally retire on 31 December, 1961;

b) Article 22 of the Union's Staff Regulations provides that in quite exceptional cases, in the interests of the Union and if the official consents, extensions of service, not exceeding two years beyond the normal retiring age, may be allowed, and that, in the case of a Vice-Director of a C.C.I., it shall be for the Plenary Assembly of the Consultative Committee concerned to take the initiative and to decide on such extension;

c) the IXth Plenary Assembly of the C.C.I.R., Los Angeles 1959, recommended that the Administrative Council should be authorized to grant an extension of service to the Vice-Director up to the closing date of the Xth Plenary Assembly of the C.C.I.R.;

d) the Xth Plenary Assembly of the C.C.I.R. is not due to be held until early 1963;

e) the International Telecommunication Convention (Geneva, 1959) does not provide for the post of Vice-Director of the C.C.I.R.;

*resolves*

that the Administrative Council shall be authorized to grant an extension of service to the present incumbent of the post up to the closing date of the Xth Plenary Assembly of the C.C.I.R. in 1963.

## RESOLUTION No. 5

### **Coordination between the Permanent Organs of the Union**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959.

*considering*

a) that in view of the existence of the four permanent organs which deal to some extent with similar matters, especially in the fields of Technical Assistance, external relations and public information, there is a need for close coordination between them;

b) that the Coordination Committee which is a consultative body would work more efficiently if coordination were properly established at working level;

*resolves*

that the organization of the General Secretariat should be so established as to provide for coordination between the various permanent organs at the working level especially for matters related to Technical Assistance, external relations, and public information. The Administrative Council shall give the necessary general directives.

## RESOLUTION No. 6

### **Expert Inquiry into the Working of the Union's Secretariats**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*in view of*

a) the statement concerning the Union organization made by the United Nations Advisory Committee on Administrative and Budgetary Questions in its eighth report to the United Nations General Assembly (Document No. 8 of this Conference), that:

“... the basic problems which the complexity of the legislative and secretariat structure entails do not seem to have been adequately met under existing arrangements from the point of view of the sound and economic administration of the Union's activities”; and that:

“... a greater degree of rationalization of the structure of I.T.U. and of the secretariat, without any loss of the long and useful experience of the past should not prove unduly difficult. It would, in the Advisory Committee's view, lead to a better and more economical administration of I.T.U. activities, facilitate relationships with other international organizations, and permit I.T.U. to play an even more constructive rôle in international co-operative endeavours”;

b) the desirability of achieving the greatest possible efficiency at the lowest possible cost in the operation of the secretariats of the different organs of the Union;

*considers*

a) that a review for such purposes of the organization of these secretariats should take place in anticipation of the removal of all the organs of the Union into a single building;

*b)* that the removal will provide a convenient opportunity to implement improvements in the organization;

*c)* that it would be desirable to consult experts qualified in office management and rationalization questions, chosen from outside the Union;

*invites the Administrative Council*

to take the necessary steps to have the organization of the secretariats examined, with the co-operation of the Secretary-General, by such impartial experts, with a view to ascertaining what reforms, within the framework of the Convention, are desirable;

*and resolves*

that provision for the purpose of obtaining such expert study and advice should be made in the Union's budget from 1960.

#### RESOLUTION No. 7

#### **Assimilation of the International Telecommunication Union Conditions of Service, Salaries, Allowances and Pensions to those of the United Nations Common System**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*having regard to*

*a)* Article VIII of the Agreement between the Union and the United Nations;

*b)* the recommendation of the XIth General Assembly of the United Nations in Resolution 1095 (XI) *b)*;

*c)* the report of the United Nations inter-governmental Salary Review Committee 1956; and

*d)* the decision by the Administrative Council at its 12th Session on the principle of ultimate alignment with the United Nations Common System;

*approves*

the principle of alignment of the conditions of service of Union staff with those of the United Nations Common System;

*resolves*

1. that except where the Union's administrative regulations provide otherwise for elected officials or members of the Provident Fund, the conditions of service of staff in the Common System shall apply to the staff of the Union;

2. that the Union shall be affiliated to the United Nations Joint Staff Pension Fund;

*instructs the Secretary-General*

with effect from 1 January, 1960 to take the following action, subject to review and final approval by the Administrative Council, and provided that the cost thereof shall not, in 1960, exceed by more than 500,000 Swiss francs the personnel expenditure foreseen in the budget for 1960:

1. to pay the salaries to elected officials which were approved by the Plenipotentiary Conference in Resolution No. 2, and also to pay the Common System allowances to these same officials;

2. to make the necessary arrangements to introduce Common System gradings, salaries and allowances for all permanent and temporary officials in the D2—D1, Professional, and General Service categories on the basis of the proposals submitted to the Conference;

3. to sign the necessary Agreement with the Secretary-General of the United Nations concerning the affiliation of the Union to the United Nations Joint Staff Pension Fund, including the first alternative in Article 4 of the Draft Agreement;

4. to re-draft the administrative regulations of the Union to take account of the introduction of Common System conditions of service in the Union, and the affiliation of the Union to the United Nations Joint Staff Pension Fund and make these Regulations provisionally effective as from 1 January, 1960, until approved by the Council;

5. to present to the Council at its annual session in 1960 a full report on the measures taken in execution of this Resolution, including a revised draft budget for 1960;

6. to submit to the Administrative Council for appropriate action any case of hardship caused by a reduction in take-home pay resulting from assimilation to the Common System;

*entrusts*

the Management Board of the Union Staff Superannuation and Benevolent Funds with the task of:

1. implementing the transfer scheme as regards retroactive insurance of members in the United Nations Joint Staff Pension Fund, and of
2. managing the residual assets of the Union's Pension and Savings Funds with a view to achieving their purposes under the transfer scheme.

## RESOLUTION No. 8

### **The Provident Fund**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*having regard to*

a) Resolution No. 24 of the Buenos Aires Plenipotentiary Conference, 1952;

b) the decision by the Administrative Council at its 12th Session on the principle of ultimate alignment with the United Nations Common System;

*resolves*

that officials in the Provident Fund of the Union shall have a choice between:

— retaining their existing conditions of service, as described in the present Staff Regulations and Regulations for the Staff Superannuation and Benevolent Funds of the Union and

— accepting the following system;

1. transfer to United Nations pay and allowances in a manner similar to that proposed for members of the Pension Fund;

2. a 7.35% contribution of his basic salary to be made by each official for the purpose of funding his retirement and disability pension (at present the Provident Fund is entirely non-contributory);

3. the Union to continue the payment of the 15% “survivors insurance” based on Union basic salary on the date of implementation (this insurance is paid up to the time of death of the officials concerned);

4. the Union to pay into the Provident Fund 14.7% of the difference between the Union basic salary on the date of implementation and United Nations basic salary, until such time as 14.7% of the United Nations salary represents a sum larger than 15% of the old Union salary; as from that date, the Union’s contribution would be limited to 14.7% of the basic salary, the payment described in paragraph 3 above being taken from this amount;

5. the retained Provident Fund to provide retirement pensions based on the same conditions as for Union Pension Fund Members, i.e. whichever is greater as between the Union pension based on total Union service and maximum pay received in the present Union scale, or the United Nations theoretical pension based on total Union service and final average pay;

*instructs* the Secretary-General

1. to implement this decision with effect from 1 January, 1960;

2. to submit to the Administrative Council each request for continuation of the 15% survivors insurance after retirement;

3. to submit to the Administrative Council for appropriate action any case of hardship caused by a reduction in take-home pay resulting from the application of the above decision.

RESOLUTION No. 9

**Geographical Distribution of Union Staff**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*considering*

a) the provisions of **152** of the International Telecommunication Convention (Geneva, 1959);

b) the present geographical distribution of Union staff;

c) the need to improve geographical distribution both generally and for particular regions of the world; and

d) that such a policy requires that the staff concerned should be entitled to the benefits of international recruitment;

*resolves*

I. in order to improve the geographical distribution of staff in level P1 and above:

1. that, in general, vacancies in these grades shall be advertised to the administrations of all the Members and Associate Members of the Union. However, reasonable promotion possibilities for the staff should also be considered;

2. that, in filling these posts by international recruitment, preference should be given, other qualifications being equal, to candidates from regions of the world which are not at present represented or are insufficiently represented;

II. that officials in levels G1 to G7 shall:

1. so far as is possible, be recruited from among persons resident in Switzerland, or in French territory within twenty-five kilometres of Geneva;

2. exceptionally, where the vacancies in levels G7, G6 and G5 are of a technical character, consideration shall be given in the first place to recruitment on an international basis;

3. where the recruitment of staff with the requisite qualifications is not possible in accordance with paragraph II.1. above, the Secretary-General should recruit them from as near a place to Geneva as possible. Where this is not possible, he should notify the vacancy to all administrations but should, in selecting the recruit, have regard to the financial implications;

4. staff recruited in levels G1 to G7 shall be regarded as internationally recruited and entitled to the benefits of international recruitment, as provided in the Staff Regulations, if they are not of Swiss nationality, and if—

4.1. they are recruited from outside the area referred to in paragraph II.1. above; or

4.2. they are recruited from the area referred to in paragraph II.1. but the date and circumstances of their having established a residence in that area are such that the Secretary-General is satisfied that the residence was established solely for the purpose of working for international organizations;

III. that staff already in service who would have been entitled to the benefits of international or semi-local recruitment under the policy of paragraph II.4. above, had they not agreed to forgo such benefits as a condition of employment, shall become entitled to those benefits with effect from 1 January, 1960;

*instructs the Administrative Council*

to make the necessary amendments to the Staff Regulations and to keep this matter under review in order that the objective of a wider and more representative geographical distribution be achieved.

RESOLUTION No. 10

**Grant of Cost-of-Living Allowances  
for retired Staff of the Union**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*in view of*

Resolution No. 24 of the Buenos Aires Plenipotentiary Conference, which prescribes "... that cost-of-living allowances may, if circumstances warrant, be granted to pensioners, such allowances to be financed by withdrawals from the ordinary budget";

*considering*

a) that the cost of living in Switzerland has increased by rather more than 12 per cent. since the Atlantic City salary scale came into force; and

b) that having regard to this increase the Parliament of the Swiss Confederation has granted its retired officials cost-of-living allowances which at present amount to 12 per cent. of the pensions granted in 1947;

*resolves*

to grant a cost-of-living allowance payable as from 1 January, 1959 equal to 12 per cent. of the pensions of officials of the Union retired on the basis of the Atlantic City salary scale;

*considering, moreover*

a) that the Atlantic City salary scale was revised in 1957;

b) that on that occasion Union posts were reclassified on the basis of the United Nations Common System; and

c) that since this revision the cost of living in Switzerland has increased by 5 per cent.;

*resolves*

1. to grant from 1 January, 1959 a cost-of-living allowance of 5 per cent. of their pensions to retired officials of the Union whose pensions are based on the salary scales introduced on 1 January, 1958;

*requests the Administrative Council*

1. to make the necessary provisions in the budget of the Union;
2. to keep the matter under review and as regards further adjustments of these cost-of-living allowances to be guided in general by practice in the United Nations.

## RESOLUTION No. 11

### **Maintenance of International Telecommunication Channels**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*considering*

*a)* that it is indispensable to maintain and extend international co-operation for the improvement and rational use of telecommunication of all kinds;

*b)* that every Member and Associate Member which undertakes the international transit of telegraph and telephone traffic across its territory, assumes by so doing the responsibility of contributing to the efficient operation of the international telecommunication network;

*resolves*

that when one or more Members or Associate Members of the Union submit to the C.C.I.T.T. statistics or tables of technical disturbances relating to international telegraph or telephone traffic passing through their respective territories, or any other relevant information or data, the Committee:

1. shall proceed to a careful study of these documents and shall assemble any other supplementary information required;
2. shall publish the result of its study of these documents, taking into consideration the information assembled, relating to the installation, maintenance and operation of the telecommunication channels in question;
3. shall propose to the administrations concerned any necessary measures for restoring and maintaining the efficient operation of international telecommunication in the area in question.

RESOLUTION No. 12

**Participation by the International Telegraph and Telephone Consultative Committee (C.C.I.T.T.) in the Activities of the Joint International Committee for Tests relating to the Protection of Telecommunication Lines and Underground Ducts (C.M.I.)**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*considering*

that it is in the interests of telecommunication for the Union to co-operate very actively in the work of the Joint International Committee for Tests relating to the Protection of Telecommunication Lines and Underground Ducts (C.M.I.);

*resolves*

1. to encourage the C.C.I.T.T. to co-operate in the most effective way in the activities of the C.M.I.;
2. to authorize the Director of the C.C.I.T.T. to continue to provide the secretariat of this Committee, on the understanding,
  - 2.1. that the Union will continue to be exempted, in exchange, from any financial contribution to the operating expenses of the Committee;
  - 2.2. that the financial responsibility of the Union shall be limited to the management of the funds of the C.M.I. by the Finance Service of the General Secretariat.

RESOLUTION No 13

**Study of the Transfer of Certain Provisions of the Additional Radio Regulations into the Telegraph, Telephone or Radio Regulations and Transfer of certain Provisions of the Radio Regulations into the Telegraph or Telephone Regulations**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*considering*

a) that certain provisions of the Radio Regulations and the Additional Radio Regulations similar in scope to provisions of the Telegraph Regula-

tions and the Telephone Regulations might better be included in these latter Regulations;

*b)* the desirability that regulations relating to classifications of services of public correspondence in the Mobile Services enter into effect at the same time as similar regulations in the Fixed Services of public correspondence;

*instructs*

the Secretary-General to make a study of the Radio Regulations and of the Additional Radio Regulations for the purpose of recommending to the administrations at least one year prior to the next Administrative Telegraph and Telephone Conference and to the next Administrative Radio Conference what provisions of these Regulations, if any, should be transferred into the Telegraph Regulations or into the Telephone Regulations and from the Additional Radio Regulations into the Radio Regulations.

#### RESOLUTION No. 14

#### **Classification of Countries for Contributions to the Expenses of the Union**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*in view of*

the provisions of Article 15 of the International Telecommunication Convention (Geneva, 1959), which uphold the principle that Members and Associate Members of the Union shall be free to choose the class of contribution in which they will share in defraying the expenses of the Union;

*considering*

*a)* that it may be that not all Members or Associate Members have so far chosen a class from the present scale of classes of contributions commensurate with their economic resources, having regard to the stage of development of their telecommunication services;

b) that the inevitable increase to be expected in the expenses of the Union of the next few years calls for as equitable a distribution as possible of the contributions borne by the different Members and Associate Members;

*expresses the hope*

that Members and Associate Members which, having regard to the stage of development of their telecommunication services might choose a class higher than their present one, will consider the possibility of choosing for the future the class of contribution most in keeping with their economic resources.

### RESOLUTION No. 15

#### **Assistance given by the Government of the Swiss Confederation to the Finances of the Union**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

## RESOLUTION No. 16

**Audit of the Accounts of the Union**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*recalling*

the valuable assistance of the Government of the Swiss Confederation during the years 1953 to 1959 in so competently performing the external audit of the accounts of the Union, from the point of view of arithmetical accuracy;

*having studied*

*a)* the comments made by the United Nations Advisory Committee on Administrative and Budgetary Questions in its report on the International Telecommunication Union (Document No. 8 of the present conference, paragraphs 35 to 37);

*b)* the statements by the Administrative Council in its report to the present conference (Section 11.4) and in Document No. 7 of the said conference (paragraphs 20 and 21);

*considering*

that it is desirable to replace the purely arithmetical audit by a more extensive external audit based upon the principles of financial management operating in the majority of the other United Nations organizations, which would make the task of the Administrative Council much easier in that respect; and

*resolves*

1. to instruct the Administrative Council:

- 1.1. to request the Government of the Swiss Confederation to carry out a more extensive external audit of the Union's accounts, taking into account, in so far as possible, and without in any way detracting from the Administrative Council's rights in the matter, the principles adopted in audit matters by the majority of the United Nations organizations, as set forth in Annex 4 to the above-mentioned Document No. 7. The requisite credits for this external audit shall be provided for in the budget;

- 1.2. to make any requisite improvements in the Union's internal audit system, particularly in the light of any comments the external auditors may make. Such improvements shall not, however, entail any increase in the staff of the Finance Section in the Union's General Secretariat;
2. to instruct the Secretary-General to bring this resolution to the notice of the Government of the Swiss Confederation.

### RESOLUTION No. 17

#### **Approval of the Accounts of the Union for the Years 1952-1958**

*considering*

*a)* the provisions of Article 9, paragraph 1 *d)* of the International Telecommunication Convention (Buenos Aires, 1952);

*b)* the report by the Administrative Council on the Financial Management of the Union (Documents Nos. 1 and 6) and the reports of the Finance Committee of the present Conference (Documents Nos. 263 and 320);

those Members and Associate Members with accounts in arrears to be good enough to settle them with all possible speed;

RESOLUTION No. 20

**Queried Contributions in Arrears**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*in view of*

a) Resolutions Nos. 13 to 17 of the Buenos Aires Plenipotentiary Conference, 1952, about queried contributions;

b) the Report by the Acting Secretary-General on this matter;

*observing*

with satisfaction that most of the administrations and recognized private operating agencies which had queried their contributions have agreed to meet the sums involved;

*considering*

that it would be desirable to recover the principal of the accounts still unsettled;

*considering too*

that in view of the special nature of these queried contributions they should not have been treated as though they were regular contributions in arrears;

*resolves*

1. that, notwithstanding Article 13, paragraph 9, of the International Telecommunication Convention (Buenos Aires, 1952), the present outstanding interest on all such contributions shall be written off by the transfer of an equivalent amount from the Reserve Account in a manner to be prescribed by the Administrative Council;

2. that the principal of these queried accounts still in arrears shall appear in a special account, showing the administrations and recognized private operating agencies concerned;

*in view of*

Resolution No. 12, adopted by the Buenos Aires Plenipotentiary Conference, 1952, about contributions in abeyance because of events in the Second World War;

to confirm the provisions of Resolution No. 12 of the Buenos Aires Plenipotentiary Conference, 1952, and to write off the remainder of the contributions in question, 111,999 Swiss francs, with all possible speed;

*instructs*

the Administrative Council to make the necessary arrangements within the limits of such credits as may be available in 1960, and if necessary in the following years;

*and decides*

that, notwithstanding Article 13, paragraph 9, of the International Telecommunication Convention (Buenos Aires, 1952) and on account of the exceptional circumstances in which these debts were contracted, the balance of the accounts in question shall after 1 January, 1960, no longer be subject to interest.

RESOLUTION No. 22

Use of Electronic Calculating Machines by the Union

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*considering*

a) that in several administrations electronic calculating machines are giving excellent service;

b) that the International Frequency Registration Board (I.F.R.B.) is already using these modern devices to draw up much of the material embodied in its "Technical Standards" (see Documents Nos. 336 of the present Conference, and 20 of the Administrative Radio Conference, Geneva, 1959, Section IX);

c) that the I.F.R.B. is appealing for a substantial increase in staff for its secretariat to cope with the new duties entrusted to it by the Administrative Radio Conference, Geneva, 1959;

## RESOLUTION No. 24

**Financing of Telecommunication Development**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*considering*

*a)* that funds available for Technical Assistance from the various programmes of the United Nations contribute towards training and planning in telecommunications, but are not in general available for purchase of equipment and other substantial requirements for the improvement and extension of national and international networks;

*b)* that in particular, the new or developing countries need capital to finance their plans for the development of telecommunication;

*c)* that, as a general rule, telecommunication projects, if planned on a technically and economically sound basis, constitute one of the best capital investments, both public and private;

*recognizes*

that it is in the interest of all administrations of Members and Associate Members of the Union that organized and permanent means be found whereby capital may be attracted to investment in telecommunication projects, especially in the new or developing countries; and

*instructs*

A. the Secretary-General

1. to communicate with Members and Associate Members of the Union in order to ascertain whether they contemplate any telecommunication projects for the realisation of which the help of outside capital would be desirable, and if so upon what terms;

2. to approach the relevant inter-governmental and private agencies in order to seek their views on this question and to know whether, if the case arises, they would be prepared to associate themselves with an international financing scheme;

3. to report on the results of his enquiries to the interested administrations and to the Administrative Council;

B. the Administrative Council

in the light of the report of the Secretary-General, to take such steps as it shall deem advisable;

*it being understood*

1. that the Union shall by no means be committed in financial operations; and

2. that the application of any financial scheme that may be set up will not involve any expense chargeable to the Union budget.

## RESOLUTION No. 25

**Participation by the Union in the Expanded Programme  
of Technical Assistance of the United Nations**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*in view of*

the report by the Administrative Council, 1959, Chapter 9;

*endorses*

the action taken by the Administrative Council as regards participation of the International Telecommunication Union in the Expanded Programme of Technical Assistance of the United Nations;

*authorizes*

the Administrative Council to continue to ensure the full participation of the Union in the Expanded Programme of Technical Assistance of the United Nations within the framework of the Convention, and to call on the various permanent organs of the Union as appropriate to facilitate this participation;

*invites*

the Administrative Council to coordinate in this field the activities of the permanent organs of the Union and to prepare each year a report on the participation of the Union in the Expanded Programme of Technical Assistance of the United Nations.

## RESOLUTION No. 26

**Revision of the Procedures relating to Participation by the Union  
in the Expanded Programme of Technical Assistance  
of the United Nations**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*having reviewed*

the conditions of participation by the Union in the Expanded Programme of Technical Assistance, in the light especially of the procedures laid down

by the Administrative Council in its Resolution No. 244 and in the set of rules edited in 1957;

*in view of*

a) the changes which are to be made in the administration of the Union's programme according to Resolution No. 27;

b) the proposal appearing in Document No. 64 of the Conference;

*resolves*

that the Administrative Council should make a thorough revision of the procedures relating to participation by the Union in the Expanded Programme of Technical Assistance. In this connection, the Administrative Council should bear in mind the proposals concerning Union participation in the Expanded Programme of Technical Assistance approved by the Conference in the annex to Document No. 420 which are to be incorporated in the booklet entitled: "Procedures Relating to I.T.U. Participation in the Expanded Programme of Technical Assistance" published by the Union.

## RESOLUTION No. 27

### **Administration of Technical Assistance Projects**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*having examined*

the statements by the Acting Secretary-General pointing out the Union's interest in administering completely its participation in the Expanded Programme of Technical Assistance, which would mean abrogating the Provisional Agreement of 28 December, 1954 between the United Nations Technical Assistance Administration and the General Secretariat of the Union;

*having heard*

the United Nations representative explain the difficulties his organization would have in maintaining the collaboration provided for under the terms of this Provisional Agreement, particularly in view of the new technical assistance duties with which the United Nations has been entrusted;

*having taken note*

of the financial implications entailed if the Union takes over the complete administration of the Technical Assistance Programme as far as telecommunication is concerned;

*resolves*

1. to authorize the Secretary-General to take the necessary steps, in agreement with the United Nations and its Technical Assistance Board, to ensure that the General Secretariat of the Union gradually takes over the administrative work now done on its behalf by the United Nations;

2. to include the costs that will be incurred by the General Secretariat in taking over this work, in the Union's request to the Technical Assistance Committee of the Economic and Social Council, for allocations covering administrative and operational costs;

3. to instruct the Administrative Council:

3.1. to verify, at each of its Sessions, that the work thus taken over by the General Secretariat is being done in such a way as to make the Union's participation in the Expanded Programme of Technical Assistance as effective as possible;

3.2. to take any steps necessary to ensure that this effective participation is maintained.

## RESOLUTION No 28

### **Debiting of Administrative and Operational costs resulting from the Union's Participation in the Expanded Programme of Technical Assistance**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*having taken note*

of Resolutions 702 (XXVI) and 737 (XXVIII) of the United Nations Economic and Social Council, relative to the debiting of the administrative and operational costs of the Expanded Programme of Technical Assistance;

*noting particularly*

that, in its Resolution 702 (XXVI), the Economic and Social Council,  
“1. *Requests* the participating organizations to take, as soon as possible,  
whatever steps will be necessary to enable:

- a) the consolidation in the regular budgets of the participating organizations of all administrative and operational service expenses,
- b) the consolidated review of these expenses by the legislative bodies of the participating organizations;”

and

“3. *Invites* the governing bodies of the participating organizations to consider formally the problem of the allocation of the administrative and operational service costs of technical assistance between the Regular and Expanded Programme budget.”

*noting also*

that, in its Resolution No. 737 (XXVIII), the Economic and Social Council proposed that organizations taking part in the Expanded Programme of Technical Assistance should make a lump-sum allocation to cover their administrative and operational expenses incurred under that Programme in the years 1960, 1961 and 1962 and, further, that this Resolution contains the following provisions:

“the need for some measure of flexibility in the application of the provisions concerning the determination of this sum for the organizations with small budgets or small allocations for Expanded Programme activities and authorizes the Technical Assistance Board in preparing estimates for the Technical Assistance Committee to take this factor into account;”

*resolves*

that these expenses cannot at present be borne by the Union budget,

*confirms*

the following provisions of Resolution No. 385 of the Administrative Council;

1. any method of debiting the costs in question should make allowances for the special situation of each organization; it does not, in fact, seem essential to apply a common formula to all organizations, whose structures and budgets are so different;

2. the present system of financing the administrative and operational costs incurred by the Union through its participation in the Expanded Programme of Technical Assistance is satisfactory since in particular the costs actually incurred by the Union are refunded; the amount of these costs may vary from year to year according to:

2.1. the scope of the programme;

2.2. changes in the position of the very limited staff of the Technical Assistance Service (staff changes, home leave, variations in salaries, allowances, etc.);

*further resolves*

1. that the administrative and operational costs resulting from the Union's participation in the United Nations Expanded Programme of Technical Assistance shall be included in the budget of the Union, on the understanding that the compensatory payments from the Special Account of the Expanded Programme shall be included as income in the said budget;

2. that to the extent that these costs are refunded from the Special Account of the United Nations Expanded Programme of Technical Assistance, they shall not be taken into consideration in fixing the limits on Union expenditure;

3. that the Union's organs of financial control shall also check all the expenditure and income relative to participation by the Union in the Expanded Programme of Technical Assistance;

4. that the Administrative Council shall also examine this expenditure;  
and

5. that, should the Union be obliged to defray these costs partly or entirely as the result of a formal decision by the United Nations, the Administrative Council shall be authorized to assign the required credits, subject to the provisions of Additional Protocol II to the International Telecommunication Convention (Geneva, 1959).

RESOLUTION No. 29

**Union Collaboration in the United Nations Special Fund  
for Economic Development**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*referring*

to Resolution No. 1240 (XIII) adopted by the United Nations General Assembly on 14 October, 1958, concerning the setting up of a Special Fund to provide continuous and systematic assistance in fields essential to the integrated technical, economic and social development of the less developed countries by, *inter alia*, facilitating new capital investments of all types by creating conditions which would make investments either feasible or more effective;

*having taken note*

of the conditions under which the Union would be called upon to collaborate in furnishing any assistance this Fund might afford in the sphere of telecommunications;

*noting*

that the Members of the Union have already been informed of the opportunities that this Fund might offer for the expansion of telecommunications;

*instructs the Secretary-General*

1. to study the problems that will be created by the participation of the Union in the activities of the United Nations Special Fund as an executing agency;
2. to negotiate suitable forms of agreement between:
  - 2.1. the Union and the United Nations Special Fund based on the Draft Standard Agreement recommended in the annex to Document No. 13 of the present Conference, and
  - 2.2. the Union and governments as regards the execution of telecommunication projects by the Union;

3. to make a full report to the Administrative Council at its next annual session;

*invites the Administrative Council*

1. to modify, if need be, and approve the standard forms of agreement for negotiation between:

1.1. the Union and the United Nations Special Fund,

1.2. the Union and governments,

2. to define the responsibilities of the Union in

2.1. advising governments about the preparation of telecommunication projects for submission to the Management of the Special Fund;

2.2. advising the Management of the Special Fund about the technical aspects of telecommunication projects submitted by governments;

2.3. supervising the execution of telecommunication projects approved by the Management of the Special Fund;

3. to make the necessary administrative and financial arrangements for the execution and supervision by the Union of telecommunication projects approved by the Special Fund, it being understood that the Special Fund will reimburse the costs to the Union;

4. to present a full report on the matter to the next Plenipotentiary Conference.

## RESOLUTION No. 30

### **Improvement of Telecommunications in Asia and the Far East**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*in view of*

a) the Recommendations contained in the Report of the Working Party of Telecommunication Experts submitted to the Inland Transport

and Communications Committee of the Economic Commission for Asia and the Far East (E.C.A.F.E.) at Bangkok on 23 November, 1959;

b) the endorsement of the Recommendations by the Inland Transport and Communications Committee;

*expresses the hope*

that these Recommendations will be formally approved by the Plenary Meeting of E.C.A.F.E., in February, 1960, and

*instructs the Administrative Council*

to take all possible steps within the framework of the Convention to continue most active co-operation with E.C.A.F.E. in the implementation of the Recommendations already endorsed by the Inland Transport and Communications Committee of E.C.A.F.E. and, in particular, the telecommunication projects listed in the Programme of work and priorities recommended by the Working Party, with the full support of the Union (Report of the Working Party, Paragraph 48 and Appendix I).

## RESOLUTION No. 31

### **Possible Revision of Article IV, Section 11 of the Convention on the Privileges and Immunities of the Specialized Agencies**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*in view of*

Resolution No. 28 of the Plenipotentiary Conference of the International Telecommunication Union, Buenos Aires, 1952;

*considering*

a) the seeming conflict between the definition of Government Telegrams and Government Telephone Calls contained in Annex 2 of the International Telecommunication Convention, Atlantic City, 1947, and the provisions of Article IV, Section 11, of the Convention on the Privileges and Immunities of the Specialized Agencies;

b) that the Convention on the Privileges and Immunities of the Specialized Agencies has not been amended in the manner requested by the Plenipotentiary Conference, Buenos Aires, 1952;

c) that, confirming the decision of the Plenipotentiary Conference, Buenos Aires, the Plenipotentiary Conference of Geneva, 1959, has decided not to include, in Annex 3 of the Convention, the Heads of the specialized agencies among the authorities entitled to send government telegrams or to request government telephone calls;

*expresses the hope*

that the United Nations will agree to reconsider the problem and, bearing in mind the decision confirmed by the Plenipotentiary Conference, Geneva, 1959, will make the necessary amendment to Article IV, Section 11, of the Convention on the Privileges and Immunities of the Specialized Agencies.

#### RESOLUTION No. 32

#### **Use of the United Nations Telecommunication Network for the Telegraph Traffic of the Specialized Agencies**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*in view of*

Resolution No. 26 of the Plenipotentiary Conference of the International Telecommunication Union, Buenos Aires, based on a request by the United Nations that the International Telecommunication Union should sanction the carriage of the traffic of the specialized agencies over the United Nations point-to-point telecommunication network at a charge equal to the pro rata proportion of the cost of operating, according to the traffic carried;

*noting*

that as from 1 January, 1954, the Secretary-General of the United Nations withdrew the offer he had formerly made to the specialized agencies to carry their traffic over the United Nations network;

*reaffirms*

the views enunciated in the above-mentioned Resolution No. 26, namely:

1. that in normal circumstances, the United Nations point-to-point telecommunication network should not be used to carry the traffic of the specialized agencies in competition with existing commercial telecommunication networks;

2. that the Union does not favour any departure from the provisions of Article XVI of the Agreement between the United Nations and the International Telecommunication Union;

3. that the Union would nevertheless have no objection if, in cases of emergency, the traffic of the specialized agencies were carried over the United Nations point-to-point telecommunication network at a tariff composed as prescribed in Article 7 of the Telegraph Regulations, or free of charge; and

*instructs*

the Secretary-General to take appropriate action.

### RESOLUTION No. 33

#### **Telegrams and Telephone Calls of the Specialized Agencies**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*considering*

- a) that the Heads of the specialized agencies are not mentioned in the definition of Government Telegrams and Government Telephone Calls, which appears in 319 of Annex 3 of the Convention;
- b) that there may be circumstances in which the urgency or importance of the telecommunications of the specialized agencies warrants special treatment for their telegrams or telephone calls;

*resolves*

that if a specialized agency wishing to obtain special privileges for its telecommunications informs the Administrative Council, justifying the

particular cases in which special treatment is necessary, the Administrative Council:

1. shall inform Members and Associate Members of the Union of the requests which, in their opinion, should be accepted;

2. shall take a final decision on these requests, bearing in mind the opinion of the majority of Members and Associate Members;

*instructs*

the Secretary-General to notify Members and Associate Members of any decisions taken by the Council.

#### RESOLUTION No. 34

##### **Telecommunication and the Peaceful Uses of Outer Space Vehicles**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*mindful of*

the problems which arise in the international field from the use of outer space for peaceful purposes;

*considering*

the importance of the role that telecommunication, and in consequence the Union, will necessarily play in this sphere;

*instructs the Secretary-General*

1. to inform the United Nations and the other international organizations concerned of the decisions of the Administrative Radio Conference, Geneva, 1959, and of the technical studies being undertaken by the International Consultative Committees;

2. to keep the same organizations informed of progress in this field, as far as the Union is concerned.

RESOLUTION No. 35

**Linking of certain Regions to the World Telephone Network**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*considering*

*a)* that many inhabited regions of the world do not yet enjoy the advantages of telephony;

*b)* that the social, economic and cultural interests of such regions require that they be linked to the general international network;

*c)* that the realization of this objective poses technical and economic problems;

*d)* that the studies and trials involved might result in a considerable financial outlay for individual administrations;

*instructs*

the International Consultative Committees to continue joint studies with a view to recommending suitable means, having regard to technical and economic considerations, for linking to the world telephone network regions not yet connected thereto.

RESOLUTION No 36

**Extension of the activities of the Plan Committee to Latin America**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*in view of*

*a)* its Resolution No. 35;

*b)* Resolution No. 383, adopted by the Administrative Council at its Thirteenth Session about extension of the Plan for development of the telecommunication network to the Far East, to Africa, and generally speaking, to any part of the world to which countries ask for the Plan to be extended;

*instructs*

the International Consultative Committees to extend the activities of the Plan Committee on Development of the International Telecommunication Network to Latin America setting up an appropriate Working Party for that purpose.

#### RESOLUTION No. 37

##### **Agreements between the International Telecommunication Union and Various Governments**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*authorizes*

the Administrative Council to conclude, on behalf of the Union, all necessary agreements with the Government of the Swiss Confederation and with other governmental authorities, with respect to the relations between the Union, its bodies and its employees, on the one hand, and the Government of the Swiss Confederation or other governmental authorities in countries where functions of the Union are to be conducted, on the other hand.

#### RESOLUTION No. 38

##### **Union Building**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*having examined*

the reports submitted to it concerning the new Union building and the progress made in the construction of the building;

*having noted*

a) the generous financial terms offered by the Swiss Confederation and the State of Geneva;

b) the offer by the Federal Republic of Germany to install the telephone service in the new building as a gift, and also the offer of certain furnishings by the Commonwealth of Australia;

*expresses*

its very warm thanks to the Government of the Swiss Confederation, to the State of Geneva, to the Federal Republic of Germany and to the Commonwealth of Australia; and

*resolves*

1. to authorize the Secretary-General to negotiate and conclude, after approval by the Administrative Council, with the State of Geneva, a rental contract which, if possible, should include an option to purchase, and to endeavour to ensure that allowance be made for the total amount already paid in the form of rent if the lease is replaced by a rental-purchase contract;
2. to authorize the Secretary-General, after consulting the Administrative Council in regard to possible financial implications to the Union, to accept the offers of gifts which have been or may be made concerning the equipping, furnishing and decoration of the new building.

#### RESOLUTION No. 39

#### **Proposed complete redraft of the International Telecommunication Convention**

The Plenipotentiary Conference of the International Telecommunication Union, Geneva, 1959,

*considering*

- a)* that the Delegation of Paraguay has submitted for examination by the Conference a proposal for a complete redraft of the International Telecommunication Convention (Document No. 16 of this Conference);
- b)* that it has proved impossible for the Conference to give adequate consideration to the proposal because of its complexity and its late presentation;
- c)* that at its Ninth Plenary Meeting, the Conference decided, in view of the reasons given in paragraph *b)* above, to refer the proposal contained in Document No. 16 to the Administrative Council for study as to its future application;

*resolves*

1. to instruct the Administrative Council to study Document No. 16, submitted by the Delegation of Paraguay and

2. to include in its Report to the next Plenipotentiary Conference the results of this study, with its recommendations; and

*requests*

Members and Associate Members of the Union to be so good as to study the proposal in preparation for the next Plenipotentiary Conference.

*in view of*
