RESOLUTIONS,
RECOMMENDATIONS
AND OPINIONS

Resolution concerning Spain, the Spanish Zone of Morocco and
the Totality of Spanish Possessions

In view of the Resolution of the General Assembly of the United Nations dated December 12, 1946¹⁾, the International Telecommunication Conference of Atlantic City considers that Spain, on the one hand, and the Spanish Zone of Morocco and the totality of Spanish Possessions, on the other hand, are, for the present, prevented from becoming Parties to the International Telecommunication Convention of Atlantic City.

The Conference, however, recognizes that Spain, on the one hand, and the Spanish Zone of Morocco and the totality of Spanish Possessions, on the other hand, may, as soon as the Resolution of the General Assembly of the United Nations shall be abrogated or shall cease to be applicable, accede to the International Telecommunication Convention of Atlantic City by complying with the provisions of Article 17 of the said Convention, without having to comply with the provisions of Article 1 of the same Convention.

The International Telecommunication Conference of Atlantic City, therefore agrees that Spain, on the one hand, and the Spanish Zone of Morocco and the totality of Spanish Possessions, on the other hand, shall, as soon as they shall have acceded to the said Convention in accordance with the preceding paragraph, be considered as included in the list of Members of the International Telecommunication Union, having the right to vote, appearing in Annex 1 of the said Convention.

1) (Here will be shown the text of the said resolution.)

1) The General Assembly,

Convinced that the Franco Fascist Government of Spain, which was imposed by force upon the Spanish people with the aid of the Axis Powers and which gave material assistance to the Axis Powers in the war, does not represent the Spanish people, and by its continued control of Spain is making impossible the participation of the Spanish people with the peoples of the United Nations in international affairs;

Recommends that the Franco Government of Spain be debarred from membership in international agencies established by or brought into relationship with the United Nations, and from participation in conferences or other activities which may be arranged by the United Nations or by these agencies, until a new and acceptable government is formed in Spain.

The General Assembly,

Further, desiring to secure the participation of all peace-loving peoples, including the people of Spain, in the community of nations,

Recommends that if, within a reasonable time, there is not established a government which derives its authority from the consent of the governed, committed to respect freedom of speech, religion and assembly and to the prompt holding of an election in which the Spanish people, free from force and intimidation and regardless of party, may express their will, the Security Council consider the adequate measures to be taken in order to remedy the situation;

Recommends that all Members of the United Nations immediately recall from Madrid their Ambassadors and Ministers plenipotentiary accredited there.

The General Assembly further recommends that the States Members of the Organization report to the Secretary-General and to the next session of the Assembly what action they have taken in accordance with this recommendation.

that while these estimates indicate a maximum level of annual expenditure for the period 1949-1952 of the order of 4,000,000 Swiss francs for ordinary expenses, nevertheless the actual expenditure incurred in these years may be substantially influenced by factors, such as changes in price and salary levels, which are outside the control of the International Telecommunication Union and cannot be predicted in advance:

RESOLVES:

that the Administrative Council of the Union is hereby authorized to approve annual estimates of ordinary expenditure to be incurred in the period 1949-1952, inclusive, within the annual fiscal limit of 4,000,000 Swiss francs; and

that, if and when the Administrative Council considers, and passes a resolution to that effect, that the conduct of essential functions of the Union for any fiscal year requires an expenditure larger than the limitation referred to in the above paragraph, it may authorize such higher expenditure as may have been approved, prior to the fiscal year in which the expenditure is to be incurred, by a majority of the Members and Associate Members of the Union; in order to obtain such approval, the Administrative Council shall circulate to the Members and Associate Members, through the Secretary General, its resolution on the matter, together with such supporting information as the Council is able to furnish; and

that the limit set above is based on the estimate of annual maximum expenditures, and the Administrative Council is instructed to practice the greatest possible economy in order to keep actual expenditures at the lowest possible level.

RESOLUTION CONCERNING THE ORDINARY
EXPENDITURES OF THE UNION IN 1948

The International Telecommunication Conference of Atlantic City,

CONSIDERING:

That the International Telecommunication Convention of Madrid, 1932, and the Regulations of Cairo, 1936, annexed thereto, which will remain in force throughout the year 1948, provide that the ordinary annual expenses of the Union must not exceed 200,000 gold francs for the radio division, and 200,000 gold francs for the telephone and telegraph division; and

that it is necessary to increase these amounts in order to provide adequate finance for the requirements of the Union in the year 1948:

RESOLVES:

That the Government of the Swiss Confederation be invited to advance to the Union, as and when requested by the Administrative Council or by the Secretary General of the Union with the approval of the Administrative Council, a sum not exceeding 1,500,000 Swiss francs for the ordinary expenses of the Union for the fiscal year 1948; and

The International Telecommunication Conference of Atlantic City,

CONSIDERING:

That the limits set above are based on the estimates of the annual maximum expenditures for the fiscal year 1948;

RECOMMENDS:

That the Administrative Council should do everything in its power to aid the Government of the Swiss Confederation in practicing the greatest possible economy in order to keep actual expenditures at the lowest possible level.

tary General of the language selected by it.

RESOLUTION AUTHORIZING EXPENDITURE
OF FUNDS OF THE UNION FOR THE FUNCTIONING OF THE
PROVISIONAL FREQUENCY BOARD

The International Telecommunication Conference of
Atlantic City,

CONSIDERING:

that the International Radio Conference of Atlantic City
had adopted a resolution with respect to the Provisional
Frequency Board providing, in part, as follows:

"Each country shall defray the salary and
expenses of its representative who will serve
as a National member of the Board and of his
advisors. The expenses of representatives of
international regional organizations shall be
defrayed by the organization concerned.

All other expenses of the P.F.B. shall be de-
frayed by the Union."

connection with the work of the Provisional Frequency

OPINION

Members and Associate Members recognize the desirability of avoiding the imposition of fiscal taxes on any international telecommunications.

RECOMMENDATIONS CONCERNING BROADCASTING

1. The International Telecommunication Conference of Atlantic City recommends to the C.C.I.R. (and when appropriate to the other Consultative Committees) to set up one or more Study Groups to specialize in the technical problems of broadcasting related to the questions which are being dealt with by the C.C.I.R. Such Study Groups must include the greatest possible number of broadcasting technicians in addition to the Vice Director of the C.C.I.R., specialised in technical broadcasting problems.

2. The Plenipotentiary Conference recommends that the study and preparation of the various proposals of frequency assignments for high frequency broadcasting to be considered by administrative conferences should be undertaken in consultation with the I.F.R.B.

3. The Plenipotentiary Conference recommends to the High Frequency Broadcasting Conference to study (or to prepare for study for the next Conference) the means of ensuring coordination on a world scale of the technical questions and other questions bound up with the solution of technical problems concerning high frequencies which are within the scope of the International Telecommunication Union.

4. The Plenipotentiary Conference considers that a special broadcasting organization within the International Telecommunication Union is not necessary at the present time and that the Administrative High Frequency Broadcasting Conference of Mexico City can make whatever recommendations it deems desirable on this subject to the next Plenipotentiary Conference.
