APPENDIX 25
to the Radio Regulations
Geneva, 1959

**Frequency Allotment Plan for Coast Radiotelephone Stations
operating in the Exclusive Maritime Mobile Bands
between 4 000 and 23 000 kc/s**

Note 1 The power indicated in this Plan is the mean power as defined in No. 96 of these Regulations.

Note 2 It is recommended that when countries bring additional frequencies into use, the assistance of the International Frequency Registration Board should be sought in choosing specific frequencies so as to avoid harmful interference to assignments which are in conformity with the following Frequency Allotment Plan.

Section I

**Frequencies for which the date of 3 December, 1951,
shall be inserted in Column 2a of the Master International Frequency Register**
