APPENDIX 25 Mar2

Frequency Allotment Plan for Coast Radiotelephone Stations operating in the Exclusive Maritime Mobile Bands between 4 000 and 23 000 kHz

(See Nos. 448 and 457 of the
Radio Regulations and Appendix 17 Rev.)

Note a): The frequencies in column 1 are assigned frequencies (see No. 85) as listed in Appendix 17 Rev. to the Radio Regulations. Each frequency is followed, in parentheses, by the carrier frequency and the channel number (see Section A of Appendix 17 Rev. to the Radio Regulations).

Note b): The coast radiotelephone stations operating in the exclusive maritime mobile bands between 4 000 and 23 000 kHz must use

the minimum power required to cover their service area. They may in no case use a peak envelope power above 10 kW per channel (see No. **1351C** of the Radio Regulations).

Note c): The Plan contained in this Appendix is updated in accordance with the procedure defined in Article 9B of the Radio Regulations, which is reproduced in annex.

Mar2

ARTICLE 9B
OF THE RADIO REGULATIONS**Procedure for bringing up to date the Frequency Allotment¹
Plan for Coast Radiotelephone Stations operating in the
exclusive Maritime Mobile Bands between
4 000 and 23 000 kHz**

(Appendix 25 Mar2)

639DY § 1. (1) Before notifying to the International Frequency Registration Board or bringing into use at any coast radiotelephone station a frequency assignment not covered by an allotment in the Frequency Allotment Plan contained in Appendix 25 Mar2, an administration which

- a)* intends to establish a coast radiotelephone station and has no allotment in the Plan or
- b)* intends to expand its coast radiotelephone service and requires an additional allotment

shall send the information listed in Appendix 1C to the Board not earlier than two years in the case of *a)* above, or not earlier than six months in the case of *b)* above, before the projected date of bringing into service of the planned coast radiotelephone service but in any case not later than three months before that date.

¹See Resolution No. 6.

639DZ (2) The Board shall publish the information sent under No. **Mar2 639DY** in a special section of the I.F.R.B. weekly circular together with such apparent incompatibilities between the proposed allotment which is the subject of the publication and any other existing or proposed allotments which the Board can indicate. The Board shall also indicate any information of a technical nature and make suggestions as it may be able to offer with a view to avoiding these incompatibilities.

639EA (3) If it is requested by any administration, particularly by an **Mar2** administration of a country in need of special assistance, and if the circumstances appear to warrant, the Board, using such means at its disposal as are appropriate in the circumstances, shall render the following assistance:

- a) indication of a suitable channel or channels for the service projected by the administration before that administration submits the information for publication;
- b) carry out the procedure for which provision is made in No. **639EB**;
- c) any other assistance of a technical nature for completion of the procedure in the present Article.

639EB § 2. (1) At the same time as sending the information listed in **Mar2** Appendix 1C to the Board for publication, an administration shall seek the agreement of the administrations having an allotment in the same channel as the proposed allotment. A copy of the relevant correspondence shall be sent to the Board.

639EC (2) Any administration which, upon examining the information **Mar2** published by the I.F.R.B., considers that its existing services or services planned within the time limits mentioned in No. **639DY** would be affected, shall have the right to be brought into the procedure undertaken pursuant to No. **639EB**.

639ED § 3. (1) An administration which receives a request under No. **Mar2 639EB** shall acknowledge receipt thereof immediately by telegram. If

no acknowledgement is received within thirty days after the date of the I.F.R.B. weekly circular containing the information published under No. **639DZ**, the administration seeking agreement shall dispatch a telegram requesting acknowledgement, to which the receiving administration shall reply within a further period of fifteen days.

639EE (2) Upon receipt of the request under No. **639EB**, an administration shall, having regard to the proposed date of bringing into use of the assignment(s) corresponding to the allotment for which agreement was requested, promptly examine the matter with regard to harmful interference which would be caused to the services rendered by its coast station(s):

- a) using a frequency assignment corresponding to an allotment appearing in the Plan, or
- b) to be brought into service in conformity with an allotment appearing in the Plan within the time limit prescribed in No. **639EV**, or
- c) to be brought into service within the time limit prescribed in No. **639EV**, in conformity with a proposed allotment for which the information has been submitted to the I.F.R.B. under No. **639DY** for publication under No. **639DZ**.

639EF (3) Any administration which receives a request under No. **639EB** and which considers that the proposed use of a channel will not cause harmful interference to the services rendered by its coast stations as outlined in No. **639EE** shall, as soon as possible and not later than sixty days from the date of the relevant I.F.R.B. weekly circular, notify its agreement to the administration seeking agreement.

639EG (4) Any administration which receives a request under No. **639EB** and which considers that the proposed use of a channel may cause harmful interference to the services rendered by its coast stations as outlined in No. **639EE**, shall inform the administration concerned of

the reasons for its disagreement as soon as possible and not later than sixty days from the date of the relevant I.F.R.B. weekly circular and shall furnish any information and suggestions with a view to reaching a satisfactory solution of the problem. The administration seeking agreement shall try, as far as possible, to adjust its requirements according to the comments received.

639EH (5) In a case where the administration seeking agreement has no
Mar2 allotment in the band concerned, the administration(s) with which agreement is sought shall, in consultation with the requesting administration, explore all means of meeting the requirement of the requesting administration.

639EI § 4. (1) An administration seeking agreement may request the Board
Mar2 to endeavour to obtain such agreement in those cases where:

- a) an administration to which a request has been sent under No. **639EB** fails to acknowledge receipt of the request within fortyfive days from the date of the I.F.R.B. weekly circular containing the pertinent information;
- b) an administration has acknowledged receipt under No. **639ED** but fails to give a decision within sixty days from the date of the I.F.R.B. weekly circular containing the pertinent information;
- c) there is disagreement between the administration seeking agreement and an administration with which agreement is sought as to the sharing possibilities;
- d) it is not possible to reach agreement for any other reason.

639EJ (2) Either the administration seeking agreement or an administration with which agreement is sought, or the Board, may request additional information which it may require in studying any problem relating to this agreement.

639EK (3) Where the Board receives a request under No. **639EI a)**, it shall forthwith send a telegram to the administration concerned requesting immediate acknowledgement.

639EL (4) Where the Board receives an acknowledgement following its action under No. **639EK**, or where the Board receives a request under No. **639EI b)**, it shall forthwith send a telegram to the administration concerned requesting an early decision in the matter.

639EM (5) Where the Board receives a request under No. **639EI d)**, it shall endeavour to obtain agreement to which reference is made in No. **639EB**. Where the Board receives from an administration no acknowledgement to the request it made under the terms of No. **639EB** for agreement within the period specified in No. **639ED**, it shall act, in so far as this administration is concerned, in accordance with No. **639EK**.

639EN (6) Where an administration fails to reply within fifteen days of the Board's telegram requesting an acknowledgement sent under No. **639EK**, or fails to give a decision in the matter within thirty days of dispatch of the Board's telegram of request under No. **639EL**, it shall be deemed that the administration with which agreement was sought has undertaken, once the projected allotment is included in the Plan:

- a) that no complaint will be made in respect of any harmful interference which may be caused to the services rendered by its coast radiotelephone stations by the use of assignments in accordance with the allotment for which agreement was requested and

- b) that its existing or projected coast radiotelephone stations will not cause harmful interference to the use of assignments in conformity with the allotment for which agreement was requested.

The Board shall enter a remark in the Remarks Column of the Master Register for each assignment covered by the allotment in question, indicating that this assignment does not benefit from the provisions of No. 607 of the Radio Regulations with respect to assignments of the administration seeking the agreement.

639EO (7) The Board shall examine the proposed allotment with
Mar2 respect to the probability of harmful interference which it may receive from an allotment in the Plan of the administration which failed to reply or which indicated disagreement without supplying the reasons; if the finding is favourable and where the application of the present procedure with respect to the other administrations concerned permits, it enters the proposed allotment in the Plan.

639EP (8) In the event of an unfavourable finding resulting, the Board
Mar2 informs the administration concerned of the result of the examination; if the administration insists, and where the application of the present procedure with respect to the other administrations concerned permits, it enters the proposed allotment in the Plan.

639EQ (9) Where the Board receives a request under No. 639EI c), it
Mar2 shall assess the sharing possibilities and it shall inform the administrations concerned of the results obtained.

639ER (10) In the case of continuing disagreement the Board shall
Mar2 examine the proposed allotment from the point of view of harmful interference which may be caused to the services rendered by the stations of the administration having declared its disagreement. In the case where the Board's finding is favourable and where the application of the present procedure with respect to the other administrations concerned permits, it enters the proposed allotment in the Plan.

639ES (11) If, after the examination under No. **639ER**, the Board
Mar2 reaches an unfavourable finding, it shall then examine the proposed allotment from the point of view of harmful interference which may be caused to the services on all the various channels in the band. Should the Board reach an unfavourable finding in each case, it shall determine the channel which is the least affected and, if so requested by the administration seeking agreement, it shall enter the proposed allotment in this channel in the Plan.

639ET § 5. An administration seeking agreement for a proposed allot-
Mar2 ment shall inform the Board of the results of its consultations with the administrations concerned. When the Board finds that the procedure prescribed in the present Article has been applied with respect to each administration concerned the Board shall publish its finding in a special section of the I.F.R.B. weekly circular and, as the case may be, bring the Plan up to date.

639EU § 6. Notwithstanding the above provisions and if the cir-
Mar2 cumstances justify, an administration may, in exceptional circumstances, notify to the Board for provisional entry in the Master Register an assignment which is not covered by an allotment in the Plan. It shall, however, begin forthwith the procedure prescribed in the present Article.

639EV § 7. When, within twelve months from the date of the inclusion
Mar2 of the allotment in the Plan, the Board does not receive a notice of a first frequency assignment corresponding to this allotment, or where the first notified frequency assignment has not been brought into use within the time limits prescribed in the Radio Regulations, before proceeding with the deletion of the allotment from the Plan, it shall consult with the administration concerned on the appropriateness of such a deletion and of publishing this information in connection with bringing the Plan up to date. However, in the case where the Board, in the light of a request from the administration concerned, finds that exceptional circumstances warrant an extension of this period, the extension shall in no case exceed six months, except in the case of an administration which has no coast station in service in which case the period may be extended to eighteen months.

639EW § 8. Any administration in whose name an allotment is shown in **Mar2** the Plan, and which has a need to replace this allotment by another allotment in the same frequency band with a view to improving its service, shall apply the procedure described in the present Article. When that administration arrives at a positive result in applying this procedure, the Board, at its request, shall replace the existing allotment in the Plan by the proposed allotment.

639EX § 9. The Board shall maintain an up to date master copy of the **Mar2** Plan resulting from the application of this procedure. It shall prepare in a suitable form, for publication by the Secretary-General, the whole or part of the revised version of the Plan as and when the circumstances justify and in any case once annually.
